

A WEBSITE BUILT TO WELCOME AND SERVE.

OSV Websites were built with your parish in mind. We've created a solution that engages, informs, and inspires parishioners and new visitors alike to become actively involved with your parish and the Church. Consider your website a digital front door that is welcoming to new visitors and keeps current parishioners knowing they are truly included in all the happenings at the parish. With our simple and intuitive platform, even the least tech savvy staff member will be able to have your parish up and running on the internet in no time flat.

Note: OSV Websites presented through In the Round, an affiliate of Our Sunday Visitor.

- Engage and inform parishioners
- Create a central location for calendars, ministries, and programs
- Welcome new visitors
- Connect to Online Giving for donations and contributions
- Enjoy outstanding customer service and support

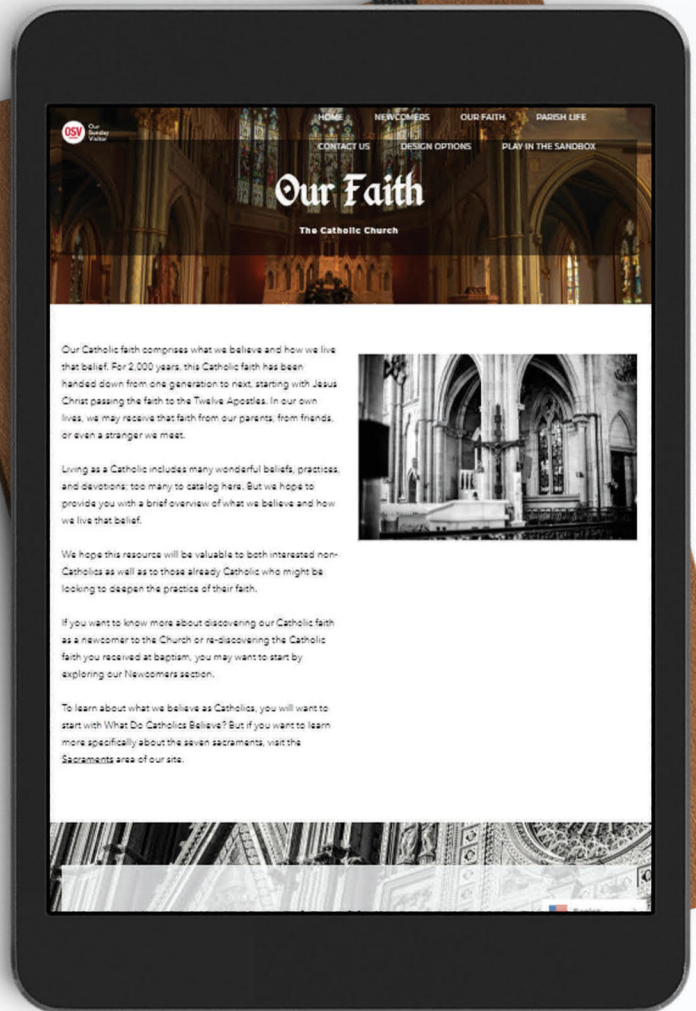

MORE THAN MASS TIMES.

You can choose from one of our beautiful, **full-width, mobile responsive templates** or create a look of your own that reflects your parish's personality. Our simple **drag and drop** platform allows your parish to create a stunning website without any technical expertise. In addition, we provide **30 prebuilt pages**, so you don't have to create every page on your site from scratch.

As a Catholic company, all of our prebuilt pages are **created with parishes in mind**. These include pages that welcome newcomers, educational pages about the Catholic faith, and much more. We have also created pages where you can easily **keep your parishioners informed** about parish life. With an event calendar, an area for your bulletin, informational pages about Sacraments, and your standard about us and contact pages, we've made it easier than ever for parishes to **establish an online presence** and communicate with their parishioners and greater community.

“ I'm very excited about the new website platform! It looks so sharp, eye-catching and professional. I love the new features that make this platform quicker and easier to work in. We've had great support from OSV staff through the learning and re-designing. I'm excited to go live with this, it will be a website that we will be proud of. ”
