LESS WORK. MORE RETURN.

Forget the mess and disorganization your parish has experienced with paper forms. With OSV Forms, your information is digital and stored securely within the *OSV Hub customer portal*. Our **drag and drop platform** makes it so even those who are less technically savvy can easily and effectively create forms for your parish.

Our platform also **confirms form submissions** by emailing the submitter as well as **sending an alert to** anyone you choose that a new form has been submitted with the submission detail included.

As an added bonus if your parish is an *OSV Online Giving* customer, you will also be given access to **forms with payment**. These powerful forms allow your parish to **accept bank and credit card payments**, making it easier than ever to accept payment at your parish.

As an OSV customer, we encourage you to sign up today through the OSV Hub customer portal at OSVHub.com. If you are an OSV customer and do not have a login, call 800.348.2886 to receive your login.

“ These forms have been amazing. Our parents really love them. The Online Giving feature is really nice. The data we get is data that we can read, understand, and interpret. It’s made a world of difference in our program. ”

Amy Nightingale-Schlup
